

Welcome to Luminare Health

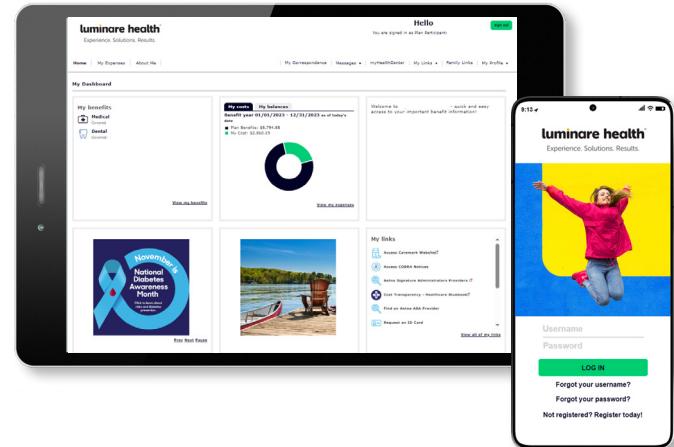

Luminare Health is one of the nation's largest independent health benefits administrators, serving over 1 million members. We've been providing benefits to our members for more than half a century and continuously strive to deliver personal service and enhanced member experience.

We're the administrator for your health benefits plan, managing all administrative aspects including claim processing, fee negotiation and eligibility. We work with a variety of PPO networks, such as Cigna and Aetna, to offer access to discounted provider services and get you the medical care you need.

Luminare Health also offers wellness and advocacy programs that help you manage your health, identify cost savings and navigate the healthcare system.

Get the most out of your benefits with the myLuminareHealth Online Portal and Mobile App*

- View claims status
- See deductible and out-of-pocket maximums
- Obtain your ID card
- Find a doctor
- Access other important benefits information
